SNAPPY PROGRAM FEATURES OPENING

Fall Season of N. E. L. A. Entertainments In Valley Formally Introduced By the Smoker In Turner Hall Held Last Night

J. W. STECH IS CHAIRMAN

One Hundred And Twenty-Five Members Took Part In Social the Number From Pittsburgh, Brownsville, Washington, and Elsewhere

Snappy was the program at Turner Hall last night when local attaches of the West Penn Power Company with J. W. Stech as chairman, formally opened the fall season of N. E. L. A. entertainments.

The felicitous occasion was in the nature of a smoker, primarily, but it contained so many interesting features, that the smoker was in part secondary to the other amusements.

In the beginning the concourse joined in singing "America," with W. H. Pugsley as leader. Mr. Pugsley then introduced Joseph E. Grey, chairman of the West Penn section of the National Electric Light Association, who made a few brief remarks.

Mr. Grey's talk was followed by a solo rendered by Orman Morgan. Mr. Morgan's selection was followed by a specialty entertainment given by K. D. Lewis of Pittsburgh.

One of the features was the rendition of numbers by the Charleroi Division Male quartet, and they were obliged to respond to encores.

With Cuddy DeMarco officiating as referee, McPeckley and Cutsy put on another of their business boxing stunts, which met with great favor, particularly by those who had never before witnessed them in action.

The balance of the evening was given to motion pictures, taken on the day when the company gave a picnic to its employees, August 5, last, the place selected being Oakford park.

This was followed by a splendid luncheon, which was inclusive of sweet cider and coffee.

There were approximately 125 local attaches of the company present, and representatives were there from Pittsburgh, Brownsville, Washington, West Newton, Connellsville, Monongahela, McKeesport, Monessen, and elsewhere.

ELKS MINSTREL SHOW HELD NEXT FEBRUARY

The annual minstrel show of the Charleroi Lodge of Elks will be held on February 23, 24 and 25 of next year, the show to be held at the Palace Theatre. Without a doubt the show this year will surpass anything that has ever been held before, as several months' time will be devoted to bringing it up to the highest point of efficiency.

TO DISCONTINUE THE OBSTRUCTIONS

The statement has been officially announced from the Pittsburgh office of U. S. Federal Engineers that a major investigation is being made by Major E. L. Daley, Pittsburgh district engineer, as to the repeated formation of a bar at the mouth of Turtle Creek, Monongahela river. Major Daley said that "it can be traced" directly to illegal placing of track cinders and similar material over the river bed.

These obstructions to traffic in the river are formed after a heavy rainfall, causing the creeks to overflow and carry the deposits from mills and railroads out in midstream and they frequently prove disastrous to heavily loaded tows.

KAHN MAY OPPOSE HYLAN FOR MAYOR OF NEW YORK CITY

It is reported in New York that Otto H. Kahn (above), international banker, will be nominated on a Republican ticket next year to run against John F. Hyman for mayor.

MONESSEN ART STORE OPENS ON TOMORROW

The Don F. Matson Co., of Monessen will open their new store at 418 Donner avenue, tomorrow. Specializing in the production of social and professional stationery as well as china-ware, the new store will undoubtedly attract wide attention along the valley. A cordial invitation is extended all to attend.

Alumni Is To Meet Here And Banquet

The Alumni and former students of the Carnegie Institute of Technology residing in Charleroi, Monessen, Monongahela, Belle Vernon, Ellisworth and Donora, will meet at a "Get-Together Dinner" to be held at the Charleroi Elks Club on Tuesday evening, October 21. This meeting has been arranged to afford an opportunity for the Carnegie men and women of the Middle Monongahela valley district to meet each other and discuss the advisability of forming a permanent organization.

Such organizations of Carnegie Tech Alumni are found in many cities throughout the country and their number is rapidly increasing. The avowed purpose of these Carnegie Clubs as they are called, is to unite the efforts of the graduates of the Carnegie Institute of Technology in placing this institution before the public of the community and at the same time affording an opportunity for the graduates, former students and friends of the Institute to meet together in a social way.

The number of Carnegie graduates in this community has increased materially in the last few years. Likewise the number of students from this community who are electing the Carnegie Institute of Technology for more advanced training is ever increasing, the number of such at the present time being notably large.

The dinner and meeting to be held at the Charleroi Elks Club on next Tuesday evening at 7 o'clock is open to all friends of Carnegie Tech as well as the Alumni and former students. Reservations for the dinner can be made by addressing Conrad A. Stone, Box 391, Charleroi, Pa.

THE CAP, which he was driving, was identified as belonging to Hartman and was registered under a New York license at a Rochester address.

Major Adams, of the Pennsylvania Constabulary, secured the aid of New York and Maryland state police and more than a score of city police in the three states were notified of the investigation. Last night he learned Hartman's home address and subjected members of his family to examination as to his whereabouts.

Hartman entered the Reading police station last night and notified the desk sergeant that he knew who was responsible for the murder and holdup.

He said he had been a chauffeur for the man he claimed he met in Columbus Ohio. The police were not satisfied with this account and after a close questioning Hartman finally confessed.

He said that after deserting his car he cut across the mountains to reach his brother's home near Aspers, Adams county, where he had formerly lived. Instead, he reached Mount Holly Springs, where he boarded a train for Harrisburg, arriving there the next morning, whence he departed for Reading. He said he had been hiding here ever since.

THE CHILDREN and teachers of our schools should be complimented by those interested for their excellent attainments in this very important work. A report of this character coming from a state official reflects credit not only on the children and teachers but also upon the entire community as well.

Postmaster S. D. R. Hill and Mrs. V. P. Vieslet, the former chairman, and the latter-named vice chairman, of the local Republican committee, feel much encouraged in the interest that is being taken in the Republican headquarters, which are located on the second floor of the building. Mr. Hill welcomes the gentlemen, while Mrs. Vieslet performs graciously, a like office for the ladies. Both Mr. Hill and Mrs. Vieslet are pleased to greet the ladies and gentlemen of the borough—those who have the right of suffrage at the Republican headquarters.

In the rooms can be found a quantity of literature pertaining to the election, the history of, and accomplishments of the party.

\$75,000 Whiskey Robbery

Freeport, Pa., October 17.—Whiskey thieves held up the Guckenheimer distillery No. 1 here late last night and escaped with \$75,000 worth of bonded rye whiskey. Later, one truck containing 18 barrels of liquor was recovered as its driver, Dominick Arnold, a few miles from here.

John Bararo of New Kensington was also arrested.

The thieves overpowered the guards and shackled the driver and hauled away about six truck loads of whiskey.

MAN CHARGED DOUBLE CRIME

Pending, Pa., Oct. 17.—Philip A. Hartman, 24 years old, was arrested here late last night charged with robbing the Abbottstown State bank and killing State Trooper Francis Haley, of Pottsville, in a sensational hold-up and murder near Chambersburg, Tuesday.

Hartman's home was at Annville, near Lebanon, where it was found that he had a wife and family.

He confessed after surrendering to the police here.

The capture of Hartman was accomplished after State police of three states had conducted a thorough investigation of the robbery and killing.

The car, which he was driving, was identified as belonging to Hartman and was registered under a New York license at a Rochester address. Major Adams, of the Pennsylvania Constabulary, secured the aid of New York and Maryland state police and more than a score of city police in the three states were notified of the investigation. Leading Farmer Is Found Dead In His Home

John H. Dague, nearly 82 years old, one of the oldest and best known citizens of North Bethlehem township died suddenly at his home three miles west of Seneca Hill yesterday afternoon.

Mr. Dague had apparently been in as good health as usual and had retired on the floor in front of a gas fire for an afternoon nap, as was his custom, when stricken. A neighbor made a call and discovered that he was dead when he tried to arouse him.

Mr. Dague had been a lifelong member of the Seneca Hill section, the having been born on the farm where his death occurred. He was a son of the late John Dague. His entire life he was devoted to farming. In politics he was a Republican.

Long a member of the Free Creek Baptist church, Mr. Dague had served as a deacon in the congregation for almost 40 years.

Mrs. Dague died December 17, 1923. Three children survive as follows: Dr. S. N. Dague of Harrisburg; Mrs. Anna D. Phillips of Bowling Green, Pa.; and John Dague, Jr., of Uniontown. He leaves a sister, Mrs. Susannah Hildebrand of near Seneca Hill who is the last of a family of 11 children.

Funeral services will be held at the Pigeon Creek Baptist church on Sunday afternoon at 2 o'clock. Interment will be in the church cemetery.

Monongahela Is To Celebrate Armistice Day In Elaborate Way

Monongahela will stage the annual Armistice day celebration and as usual, the other towns in the upper Monongahela valley will join the down-river town in making the celebration a success.

Armistice day, this year, falls on Friday, November 11, and ex-service men from Charleroi, Donora, Monessen, and Monongahela will participate in the festivities, while other delegations are expected from practically every town and hamlet in this county.

It is proposed that Charleroi Post of the American Legion, No. 22, will attend in a body, and prominent Boy Scouts of Charleroi and North Charleroi.

According to the tentative program arranged by the Legion at Monongahela there will be plenty of action throughout the day starting with the registration at 10 a. m., lunch at noon and the monster parade at 2 p. m. A football game will be played and at 5 o'clock there will be more free eats and entertainment for the ex-service men to be followed by a 40 and 8 promenade and ceremonial at the Armory and a military ball at 8:30 at the state armory.

JOE'S FRENCH RESTAURANT, 323 McKean Avenue, 2 doors past Coyle Theatre. Special Plate dinners, roasts, chops or steaks. Our meats and coffee best of quality. J. H. Oumet, Prop. 111167

At the regular meeting of Charleroi Post, No. 22, American Legion, held last night in the Dugout, it was unanimously decided that the local post would assist in celebrating Armistice day at Monongahela.

It has been the custom in the past for the four valley towns, Donora, Monongahela, Monessen, and Charleroi, to join in one big celebration at the various places each year and to return the favor conferred on Charleroi last year, the Legionnaires will help in any way possible to make the affair at Monongahela as big and successful as Charleroi's was. This joint custom will prevail throughout the forthcoming years. For the reason above stated there will be no celebration in Charleroi on Armistice day, however, the Auxiliary members are planning a big week at that time in the way of entertainment.

A committee was appointed to take care of the arrangements with Monongahela, consisting of Charles Fiedler, Clyde Brouse, Michael Lombardo. (Continued on page seven)

County Association Will Convene Here Next Week Tuesday, October 21—Program As Published Will Be Interesting

STATE ATTACHES COMING

Among the Speakers, W. W. White, Assistant of Milk Control, State Department of Health—Dr. C. H. Miner Approves Organization

The Washington County Association of Health Boards will meet in the Municipal Building, Charleroi, on Tuesday, October 21. The program as published in a recent issue of the Mail, will be carried out with some interesting additions. Dr. Charles H. Miner, secretary of the State Board of Health, in a letter sent to the president of the county organization, John N. O'Neil, stated that it is his ultimate aim to organize all the counties in the state, each county to send one or more representatives to a state convocation to be held annually in the city of Harrisburg.

Washington county has taken the initial step having met, some months ago and completed an organization, elected officers, and honored John H. O'Neil, the present competent secretary of the Charleroi Board of Health, as president of the organization. Considering the fact that there are a number of health boards in the county, representative of cities and boroughs, this was a distinguished honor for Mr. O'Neil.

On next Tuesday the State Department of Health will be represented here by attaches and heads of the various departments. It is also equally important that the local boards be represented by as many members as possible. Also all other organizations or individuals interested in the betterment of health conditions, who by their attendance, will thus place their stamp of approval on this organization.

The morning session will be called by the president at 10:30 o'clock, and the afternoon meeting will take place at 1:30 o'clock. A cordial invitation is extended to the citizens of Charleroi and vicinity to attend the morning and the afternoon sessions.

Among the speakers will be William W. White who has been in the borough this week, assisting Health Officer William M. Darby in the investigation of milk conditions as they exist here. Mr. White was also in North Charleroi going over the ground there in like manner with Health Officer C. B. Copeland. A partial report of Mr. White's deductions and findings appeared in yesterday's issue of the Mail. He is assistant of milk control, State Department of Health.

CHARLEROI HI ALL SET TO "CARRY ON" IN MONESSEN CLASSIC

Team is Not in Best of Shape For Annual Game With Rivals Tomorrow--Stepanian III and O'Brien Optimistic

Owing to the California Normal-Fairmont Normal game to be played at the Charleroi Ball Park this afternoon, Charleroi High School held their final practice this morning. The finishing touches were made on the local High school team's defense for Monessen's plays. With the addition of Elgie Tobin to the Monessen coaching staff a rejuvenated team will take the field on Saturday. Coach Stepanian is not being fooled and his boys have been warned as to what they can expect. A Monessen team always fights against Charleroi and this year's team will be no exception. Things have not been going well in the Charleroi camp this week. Coach Stepanian's illness has retarded the development of the team to a large extent and the work of the week has been spent largely in perfecting the defense. Injuries to prominent members of the squad have weakened the team considerably and followers will be satisfied with victory by any margin. The squad members are determined to "carry on" in spite of Stepanian's illness and realize fully their handicap. Captain O'Brien refused to predict the outcome of the game, which is characteristic of him, but he claims that Monessen High in spite of their elaborate preparations for Charleroi will know that they have been in a football game when the final whistle is blown.

The game will begin at 3 p. m. promptly, according to word from Monessen yesterday. Students will sell tickets on the streets leading to the park. This will help relieve the congestion at the gate. A large crowd of supporters are planning to attend and an organized cheering section will be very much in evidence on the Charleroi side of the field. It is hoped that Coach Stepanian will be in condition to direct his team by tomorrow afternoon.

Yde Denies That He Said Things About Recent Baseball Bribe

Commissioner Kenesaw Mountain Landis, organized baseball's big chief, has shown that he is determined to follow up any clues which might throw more light upon the scandal which cropped out in the ranks of the New York Giants on the eve of the world series. He has just requested Pitcher Emil Yde of the Pirates to appear before him and relate anything he may know regarding the matter.

Yde was quoted as having remarked to an acquaintance at his home town, Freeport, Ill., that it would not be surprising if something sensational would shortly be sprung which would rock baseball to its very foundation. The interview, however, was published as "second-hand" statements, it being explained in the story that the fan who gave it to the reporter for the newspaper at Freeport had gathered the alleged information in a conversation with the young Pittsburgh southpaw.

Evidently the fan misunderstood what he had gleaned in his talk with Yde, or possibly the scribe may have misunderstood what was told him by the fellow who furnished the statements purporting to come from the pitcher. Yde, from his home in Freeport, denies that he ever made any such remarks and he declares he was very much surprised when the alleged interview was printed. Yde is

not the chap who would indulge in idle gossip, for he believes in telling the truth at all times. Accordingly, his announcement that he never said any such thing, is ample evidence that the story was purely imaginary.

Catcher Muddy Ruel

No team ever won a championship without a great catcher behind the bat. Washington has one of the greatest catchers in baseball in the person of Muddy Ruel. Indeed, some experts call him the outstanding catcher of the year, now that Schalk, Perkins, O'Neill and other veterans have slipped markedly.

MONESSEN RANGERS ARE BACK ON THE FLOOR

The Monessen Rangers Basketball team is making early preparations for a busy season on the floor and are ready to hook home games with the leading first-class teams of Pittsburgh and vicinity. Home games will be played Wednesday evenings on the high school floor instead of Saturday evenings as formerly. Teams wanting to appear at Monessen and who are willing to give return games should write John Destefano, 619 Knox avenue, Monessen.

The Rangers will have a galaxy of former scholastic stars to choose from to build a championship organization that will make a classy impression wherever they should play. Dick Schradling, former all-scholastic star forward, will jump center. Geo. Allison, captain of the quintet played on the Western Pennsylvania championship Monessen high team of 19-23 along with Schradling. Dale, all-scholastic guard of section five of the W. P. I. A. L. last season and Destefano, forward and wonderful foul shooter, both played for the Monessen high school team that was eliminated by Homestead high in the final championship game. Among the veterans are S. Johnson, Cook and W. Allison.

Sport Notes

The first race on the famous Newmarket beach in England was run in 1040.

This is the season when every football team's chances for the championship were never better.

Tracery, a famous English race horse and sire, which has just died, was insured for \$200,000.

Rube Walberg, sent to Milwaukee by Connie Mack, is the strikeout king of the American association.

The Blue Grass Baseball league probably will expand its circuit to eight clubs before next season.

In the season of 1890 the Pittsburgh team set up a National league record by losing 23 consecutive games.

Catcher Grover Hartley of the Columbus American association club has been sold to the New York Giants.

Puz Hallahan, who has been pitching wonderful ball for Kalamazoo, has been recalled by the St. Louis Cardinals.

The American Soccer league is to have a circuit of 12 clubs this season, the largest since its organization four years ago.

Harry Wills, it is said, owes much of his skill in boxing to lessons learned in his bouts with the veteran Sam Langford.

Pittsburgh has signed Gear Bailey, a big right-hand pitcher, who has been

KEPPEN WINS FROM MICKEY MARTIN OF WHEELING, 12 ROUNDS

Sig Keppen of Beaver Falls easily outpointed Mickey Martin of Wheeling in a terrific 12-round bout in Wheeling last night. Keppen took the lead in the seventh after the fight had appeared even for the first six rounds. He won every round thereafter.

Keppen chopped a right to the head in the fourth and opened an old cut over Martin's left eye. The Wheeling boy came back strong in the sixth, sinking a left hook to the stomach which slowed down the Beaver Falls strong boy considerably. He recuperated quickly, however, and was aggressor the rest of the way.

Johnny Kid Bennett of Pittsburgh and Paul Duffy of Yorkville fought six rounds to a draw in the semi-final. Johnny Corona, Pacific Coast second, made his Eastern debut in the second preliminary and was stopped in the third round by Eddie Williams of Martins Ferry. Nick Popage of Wheeling stopped Johnny Somerski of Piney Fork in the opening preliminary.

doing fine work for a Cleveland semi-pro team.

Williams, former Southern leaguer, reported to Manager Fohl of Boston and was started as lead-off man for the Red Sox.

Memphis has purchased Pitcher Moss, a right-hander, from Laurel of the Cotton States league. He will report in the spring.

Leon Cadore, pitcher with the Giants until suspended and released a short time ago, is with the Glensides, a New York semi-pro team.

Business Manager Howard Lorens of Vernon has confirmed the report of the purchase of Charles Fulton of Augusta, leading pitcher of the Sally league.

Ed (Lefty) Brandt, Spokane pitcher, who was recently prevented by Seattle from accepting a contract with the Boston Nationals, has agreed to report to Seattle.

L. D. Lenahan of Brooklyn, N. Y., recently made a hole-in-one at the Dunwoody Country club at a distance of 300 yards. This performance exceeds all previous records.

Pitcher James Bishop, knuckle ball finger, and Leonard Merz, young shortstop, have been recalled from Waterbury of the Eastern league by the Philadelphia Nationals.

"Dowdy" Hartnett Is Star

The photograph shows "Dowdy" Hartnett, star catcher for the Chicago Cubs, who attributes his baseball rise to the persistency and determination of his father, himself an old catcher. Dad Hartnett finally persuaded Manager Jack Mack of Worcester to give the kid a trial and he made good right from the jump.

First to Use Catcher's Mitt Still Playing Ball

The man who introduced the padded mitt is still active in professional baseball, John J. McCloskey, now owner and manager of the Newton (Kan.) club of the Southwestern league. The "grand old man of the minors" has been in the game since 1887, though he's past fifty-five.

He was born in Louisville in 1860, and won prominence as "father of the Texas league," which was organized in 1888.

The year before he was catcher on the Houston Independents and it was during that time he introduced the catcher's mitt, which at the time brought down the ridicule of the country. But in due time the padded mitt was generally adopted and eventually did much to speed up the game.

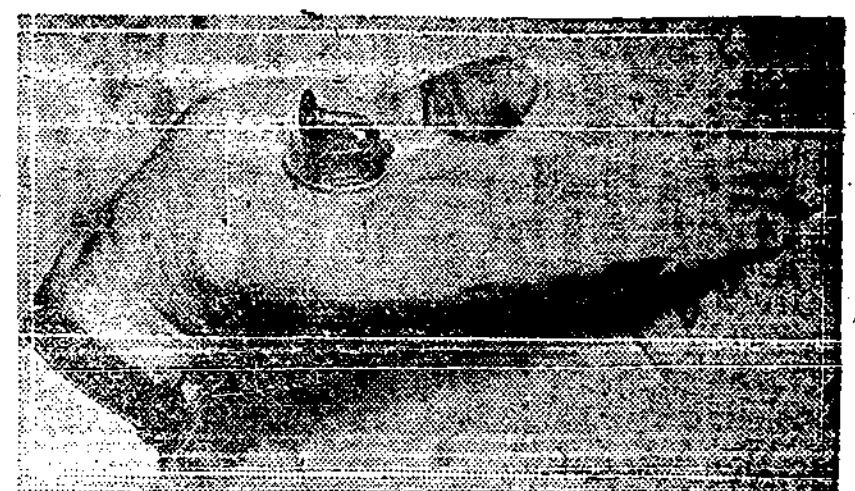

McCloskey organized the Union association and owned and managed the Butte (Mont.) team of that circuit. He has been connected at various times as player or manager, with St. Joseph, Austin, Sacramento, Houston, Montgomery, Savannah, Louisville, Dallas, Great Falls, Tacoma, San Francisco, Vancouver, St. Louis and Milwaukee.

Left-Handers Fizzle

Few left-handers who have tried to stage a come-back ever succeeded. If Hub Leonard, with the Detroit club, is successful, he will be the second. In 1898, Marty Kilroy, perhaps, in his day, was about the best southpaw in the big show. Kilroy retired in 1895. In 1898 he was signed by the Chicago Nationals and did good work for two months.

Here is One in Minature

THE SMALLEST LOUD SPEAKER IN THE WORLD

This miniature loud speaker was made by Ivan Nedland, of Hillsboro, N. D., and was on exhibition at the Radio World Fair recently held in New York City. It has a radius range of about ten feet, clear tone.

Frozen in— at the North Pole!

Out of all the radio sets on the market, Dr. Donald B. MacMillan selected the ZENITH exclusively—because of its flawless construction, its unusual selectivity and its tremendous reach.

Already his operator, on board the "Bowdoin," eleven and a half degrees from the North Pole, has tuned in several hundred stations. You along the Atlantic who brag a little when you tune in Catalina Island—what would you say if you tuned in Hawaii from the Arctic Circle?

The set that Dr. MacMillan has is a standard ZENITH receiving set. And you can do all that MacMillan does, and more, with any of the new Zenith models. Their moderate price brings them readily within your reach.

Let us prove—by a demonstration—the extraordinary range and selectivity of the Zenith Long-Distance Radio.

JOB FOR THE DISABLED VET AIM OF BUREAU

The Pittsburgh office of the U. S. Veterans' Bureau sends a representative to this territory every three weeks for the purpose of arranging job training for disabled ex-service men and employment for rehabilitated veterans with the employers in this district.

The men to be cared for under this arrangement are veterans of the World war, who were injured or received disabilities as a result of their service, which constitute a vocational handicap, and place upon our Federal government the responsibility for training and employment in a line in which the disability would not affect their employment. Men with one arm are trained for work in which only one arm is brought into use.

The great majority of these men are normal in appearance and normal in ability. Less than 5% of them have an apparent disability, and more than 90% of them are able men, looked at from the viewpoint of the employer. Their disability consists of handicaps.

These men are given a maintenance allowance during their period of training.

The U. S. government in order to make them productive factors in our country's growth and development is endeavoring to educate and train them so that they will be able to make their living in new lines of occupations wherein their physical and mental abilities will be equal to the demand made upon them. All employers can assist in this work by providing training opportunities and employment opportunities.

After they are trained, it is the desire of the Bureau that employers take them and pay them according to their individual earning power and accomplishments. The Bureau does not ask for for charity for them; they do not ask charity for themselves. They deserve prompt and sympathetic consideration, and an opportunity in keeping with the best thought and best feeling of our country.

E. A. Cogley is the representative in charge of this territory for training and employment purposes, and can be reached by mail at the Allegheny Building, Ohio and Sandusky Streets, N. S., Pittsburgh, Pa.

No Better Material In Any Car at Any Price

The sturdy qualities that make the good Maxwell so durable and dependable are the natural results of materials and methods of manufacture usually associated with cars of far higher price.

There are approximately 38 fast wearing parts in all automobiles. Irrespective of price there is nothing superior to the good Maxwell at those 38 points.

More expensive alloy steels are used in the good Maxwell than in many cars selling for twice or thrice as much.

Furthermore, the group of

engineers who share credit for the advancement and perfection of the good Maxwell—the same group that designed the Chrysler Six—has practically eliminated all vibration. This is a refinement of operation hitherto assumed to be impossible with a four-cylinder car.

Every penny you invest in the good Maxwell will work for you overtime. It is apparent from the testimony of its owners that it is actually a better car than anything at anywhere near its price.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

TEACHERS AND THE "ROD."
"He that spareth the rod hateth
his son," declared Solomon, and all
down through the centuries corporal
punishment for the wayward or dis-
obedient child has been preached and
practiced as necessary for the child's
lasting welfare. In more recent times
the old rod has been largely abandon-
ed, and there it is not theoretic-
ally condemned—with the results
that are with us, desirable or deplor-
able according to variation of view.

now appears to be in this country, it
is surprising to get the recent news
from the town of Elmford, N. Y.,
only a few miles from the metropolis.
The school board there decided by a
majority of one that "there shall not
be any more beating with a rubber
rod of the teachers."
Thereupon the superintendent of
schools declared that he would resign,
13 of his 23 subordinates said they
would go out with him, and a tempo-
rary suspension of the whole local
school system is reported as threat-
ened.

Such teachers are "survivals of an-
other age," comments the New York
Times, which says further that "one
could imagine worse calamities for
a town than the departure from it of
all teachers with notions so antiquat-
ed." One could, of course, and yet it
would remain true that children, for
their own good, as well as for those
at home and in school, must be con-
trolled and made to obey. If this can
be done without corporal punishment,
well and good, but experience has
shown that in most cases it cannot be
done without punishment in some
form. The man or woman who has not
been effectively restrained in child-
hood faces a fight all the harder to
govern himself or herself in adult
life.

STILL A DEMOCRAT.
An Ohio college president who voted
for Wilson twice and for Cox—thus
making him a Democrat for twelve
years—is listed by the Democrats as
a Republican who will vote for Davis.
If that is the sort of "Republican"
votes Mr. Davis counts upon, he will
be sadly disappointed.

NOT THAT WAY.
On November 4 we shall have one
more demonstration that the people
of the United States take little in-
terest in a campaign of denunciations.
This country did not get to be a great
nation that way.

No doubt young Col. Roosevelt
meant well as Assistant Secretary of
the Navy, but plainly he did not know
enough about what was going on and
was too easily led by others. In the
testimony before the oil lease investi-
gation, now being reproduced in New
York papers, occurs this passage:
"Senator Bursam—You issued the
order merely on the request of Mr.
Fall? Mr. Roosevelt—On the request
of Secretary Fall."

Candidate LaFollette charges that
the Republicans of the East are rais-
ing five million dollars to buy the
election. Whatever the character of
his source of information, it is prob-
ably much easier to talk about such
a sum than to get hold of it for elec-
tion purposes.

In explanation of why Miss Eva
Morrison was able to swim seven
hours off Boston Light in water too
cold for male swimmers to venture
into it is said that "the average wo-
man has just under her skin a deeper
layer of adipose tissue than the
average man."

These are times when we can hear
every sort of thing, and many are
able to believe any sort of thing, but
it may be true, as asserted, that all
political parties are finding it diffi-
cult to raise campaign funds this
year.

St. Petersburg was made Petro-
grad by the World War and later
Leningrad by the Bolsheviks. The
plans of the latter to bring a dead city
to life have to be judged by the
event.

**Waited Till the Cows Came

I was a terrible sufferer
from gas, the stomach and colic
attacks. The specialist, our family
doctor, sent me to Philadelphia, gave
me no relief, although I took his medi-
cine till the cows came home. He fin-
ally said I could have to be operated
on. Luckily, I heard of May's Won-
derful Remedy then, and although it
is now three years since I took a
course of it, I have never had a symp-
tom of my old trouble since. It is a
simple, harmless preparation that
removes the catarrhal mucus from
the intestinal tract and allays the in-
flammation which causes practically
all stomach, liver and intestinal ail-
ments, including appendicitis. One
dose will convince or money refunded.

"OLD IRONSIDES" DOOMED TO GO?
The historical old U. S. Frigate "S. S. Constitution," whose story is
engraved deep in the memory of every school child, is fast falling into
decay. With National Defense Day past, and its idea deeply impressed
on the mind of the American public, it is only fitting that attention
should be paid to the bill now in Congress, sponsored by Senator
Lodge, for an immediate appropriation to reconstrue this vessel. Its
stirring history in the Revolution and the War of 1812, should be kept
alive with the boat for future posterity. The boat is in the Charlestown
(Mass.) Navy Yard.

Savings Deposits

There are many people who delay the opening of a Savings Account because they feel that a small deposit will not be welcome and that it is better to wait until they have accumulated a considerable sum. Too often they keep on waiting.

The First National Bank wants you to know that we welcome Savings deposits in any amount from \$1.00 upwards and that the size of the account does not matter so much. THE REGULARITY with which you save means more to us—and to you—than the amount deposited.

CHANCELLOR MARX
MAY QUIT POST

Berlin, Oct. 17.—Resignation of Chancellor Marx or announcement by President Ebert of dissolution of the reichstag was expected today.

The patience of both politicians and the populace is exhausted, the chancellor and his colleagues being accused of delay in making important decisions.

Everywhere it is admitted that dissolution is the sole satisfactory way out of the present internal difficulties, and that a general election must come soon.

The cabinet met to attempt to reach a decision regarding its resignation.

AWNINGS removed and stored for the winter. William Gallagher, phone 411-1111.

In Society's Realm

Mrs. F. J. McCarthy was hostess to the members of the Tuesday Evening 500 club at her home in Railroad street, North Charleroi. The time was pleasantly spent with cards, and at the conclusion of the evening's diversions, a delicious luncheon was served by Mrs. McCarthy.

The members of the Sewing Circle of the Washington Avenue Presbyterian church held their first regular meeting of the fall season Tuesday evening at the home of Mrs. Thomas Myers of McKean avenue. The meeting was conducted by the president, Mrs. Myers and several business matters were discussed. Sewing and fancywork were done by the ladies for the annual bazaar which will be held on November 5 and 6 at Pfeilhardt's store. A dainty luncheon was served by the hostesses consisting of Mrs. Myers, Mrs. Robert Hess, Mrs. James Rotherham, Mrs. Eugene Parks and Mrs. William Walters.

At the regular monthly meeting of the Women's Missionary society held Tuesday evening in the First Christian church with fifteen members and two visitors present, Mrs. T. M. Faddis was elected as president to fill the vacancy caused by the resignation of Mrs. Carl Corwin. The time was largely spent in discussing business plans for the future and an interesting report was given by Mrs. Harry W. Geho on the State convention held in Connellsville, September 16, 17 and 18. Luncheon was served at the conclusion of the evening by the hostesses, Mrs. Hazel and Mrs. Bane.

With eighteen members present, an interesting meeting of the Pollyanna class of the Christ Lutheran church was held last evening at the home of Mrs. Albert Bertsche, Jr., of Fallowfield avenue. Plans were discussed for a Halloween party to be held next Thursday, October 23. Articles were given out in preparation for the forthcoming bazaar to be held in December. In conclusion a delicious luncheon was served by the hostesses assisted by her mother, Mrs. Robert Coulter. Appointments were carried out in accordance with the Halloween season. The next meeting will be held at the home of Mrs. Robert Coulter, Jr., of Washington avenue.

STRAW VOTE OF
DIGEST SAYS
COOLIDGE TO WIN

John W. Davis has increased his percentage of the popular and Electoral College vote in this week's returns of The Literary Digest's big Presidential poll as ballots from all of the forty-eight States have been received which, The Digest proclaims, "may, for the first time, be considered fairly representative of the nation as a whole."

As the Democratic percentage has risen slightly, the Republican ratio has correspondingly decreased. Of the total of nearly 2,000,000 votes, Coolidge has 1,066,214; Davis, 384,205; La Follette, 432,660 which expressed in percentage show 56 per cent. Republican, 20 per cent. Democratic and almost 23 per cent. Progressive.

La Follette is still holding Wisconsin while Davis has increased his leadership to eleven States and President Coolidge is ahead in the other thirty-six States. La Follette is second choice in twenty eight States with Davis second in thirteen. In Kentucky and Oklahoma, the Democratic candidate is crowding the Republican standard-bearer closely and La Follette has gained slightly on the President in California in the week's tabulations.

"Among the more significant changes, there appear to have been Republican losses in Iowa, Illinois, Pennsylvania, California, Minnesota and Wisconsin. Republican gains are indicated in many of the States of the 'Solid South' where such increases will, in all probability, have no effect on the election whatever, and also in Kansas, in New York, and in Michigan. Aside from ordinary Democratic States, the Democrats appear to have increased their voting strength in West Virginia."

In presenting the views of Republican and Democratic editors on the general accuracy of their polls. The Digest concludes with the comment of a Nebraska editor.

"No straw vote," the editor states, "is actually satisfactory—to the losing side. However, The Digest vote in 1920 was amazingly accurate and if we remember right, there was the same doubting on the part of the same editors."

TO WIPE OUT PARTY
LINES IN NEBRASKA

Lincoln, Neb., Oct. 17.—An amendment to the constitution abolishing party lines in all primaries is to go before the voters of Nebraska on November 4.

Under the provisions of the amendment, the party circle would be banished in all elections and in primaries candidates for nomination to office, would be required to run as individuals.

Following the primaries of last spring, when the majority of the nominations on the progressive party ticket were circulated. The signatures were validated and the amendment ordered placed on the ballot by Secretary of State Charles W. Fool recently.

Gov. Charles W. Bryan, democratic vice-presidential candidate, was one of the most active endorsers of the elimination of party lines in the primaries.

LAWA TALMADGE

IN "SECRETS"

Stephen Goossun, art director, and the Hornbostel, Joseph M. Schenck, technical director, have provided sets of unusual beauty for Norma Talma's latest First National picture, "Secrets." The task of designing and dressing the sets was a most difficult one owing to the fact that the story of "Secrets" is laid in four different periods.

The drama opens in London in 1923, shifts to Wyoming and the American West of 1870, then to London of the

same year and as it was in 1888, finishing again in 1923.

Hornbostel's difficulty lay in showing the difference in architecture between the years 1870 and 1888 as well as 1923. The dressing of the sets also required much delving into old tomes and consultation of prints of the period.

Hornbostel also was required to round up 5,000 head of long horn steers. It was somewhat of a task to find the long horns as the bald face steers are now the favorites and not so many long horns are being raised as in the olden days.

One of Hornbostel's laughable difficulties was with the doors in the massive English sets. Although most of these doors were of fairly good size they were found to be entirely too small to permit the passage of the ladies of the cast in their billowing cinoline gowns. Accordingly the doors were changed to arches so that the actresses might make their exits and entrances with ease.

"Secrets" will be shown at the Majestic four days, commencing next Monday.

LESSON NO. 6

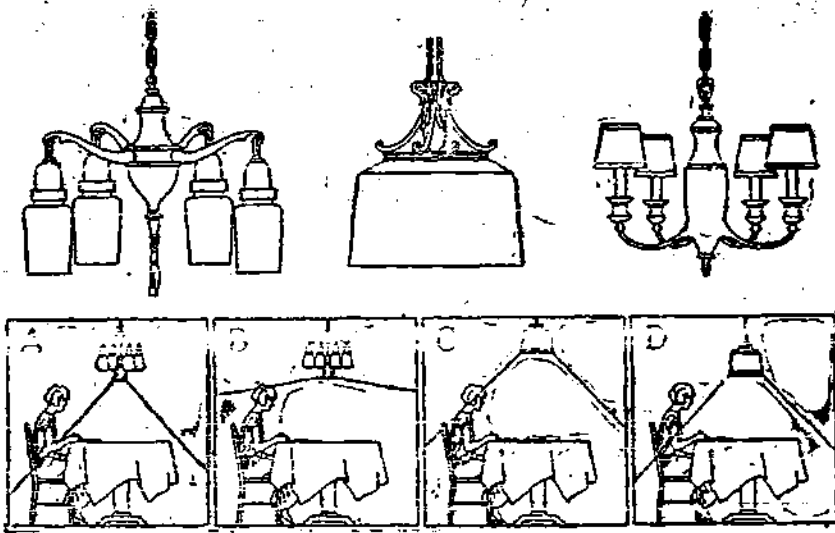

LIGHTING THE DINING ROOM

In some ways the dining room is the center of the home. The living room has many different uses, but the dining room is seldom used except at meal times. In the living room the furniture is moved about and changed, but in the dining room the arrangement of furniture rarely changes.

The dining table is in the center of the room, and it is the center of interest. It should be the most brightly lighted object in the whole room. There are a number of different kinds of fixtures which may be hung from the ceiling to provide good lighting, and almost all of them may be used improperly to provide bad lighting.

(C) the glare from the bulb is directed at the eyes of everyone seated at the table, but if it is put down close to the table, as at (D) the fixture completely hides the bulb, and we have excellent dining room lighting without glare. For most fixtures it is best to see that the bottom of the shades is not more than 36 inches above the table for (A) and 24 inches above the table for (D). Where candle fixtures are used, shades are needed not only to protect the eyes from the glare, but to reflect some of the light which would otherwise go up to the ceiling or down on the table.

The fixtures over the table will

THE CENTER CEILING FIXTURE

Whatever the kind of fixture, it is important that the eyes of anyone seated at the table be protected against the glare of the bulbs which furnish the light. There are two ways to do this. 1. Be sure that the shades are long enough, and of the right shape. For example, the next picture shows a fixture on which one bulb (A) is well shaded and the other bulb (B) is badly shaded.

The shade which is narrower at the bottom protects the eyes of the person at the table. 2. For the given shade, be sure the fixture is low enough over the table (but not so low as to be in the way or make it impossible to see the person sitting opposite).

Now look at the fixture in (C) and (D). When this fixture is as high above the table as it is at

need bulbs with a total of from 100 to 200 watts.

OTHER LIGHTING

Bracket fixtures on the walls and candlesticks on the buffet may be used to add decoration, provided they are well shaded and are not so bright as to be annoying or to produce glare and eye-strain. When they are used, the bulbs should not be larger than 15 or 25 watts.

Convenience outlets should be installed for electric appliances. If used on the dining table, a convenience outlet may be placed in the floor under the table, or on the under side of the table itself, so that the unsightly cord need not hang from a bulb socket and cause one part of the lighting fixture to be dark. Duplex convenience outlets which permit the use of two appliances may be installed for practically the same cost as the older style single outlets.

Notice to Dealers in Electrical Supplies.

YOU CAN'T KILL A TROOPER — AND "GET AWAY WITH IT"

Harrisburg, Oct. 17.—"Nobody kills a state trooper and gets away with it if we can help it," Major Lynn Adams, head of the Pennsylvania Constabulary declared on his return from Reading today with Phillip A. Hartman confessed bandit and slayer of State Trooper Francis Halley. Hartmann was lodged in the local jail prior to his return to Adams county, the scene of the bank holdup and murder.

He was to be taken over the Lincoln highway to describe details of the crime which resulted in the man hunt by state police.

and Griffith Nicholas. They will present a report of the program to be carried out November 11, at the next regular meeting of the local post.

The local post also voted to cooperate with the Chamber of Commerce in celebrating Halloween here this year.

The business men and citizens will be requested to display the American flag on election day, and every Legionnaire is urged to turn out and vote and to exercise his right as a citizen.

Nomination of officers for the ensuing year promises to develop into a warm campaign from present indications. The members already are making their selection for the nomination, which is to take place at the first meeting in November. Election of officers takes place at the last meeting in November.

DOINGS OF THE

SHENANDOAH

San Francisco, October 17.—The U. S. N. dirigible Shenandoah, flying from San Diego to Camp Lewis, Washington, was off San Francisco early today, winging her way over the city after a night in the haze over the open sea.

The great silver air cruiser, which flew across the continent from Lakehurst, N. J., in a trail blazing voyage, passed over Farallone Islands, 32 miles west of the entrance to San Francisco Bay at 4:52 a. m.

Thousands of persons were waiting in the city for a glimpse of her, the first dirigible to sail up the Pacific coast.

TSO LIN'S TROOPS.

IN GATEWAY CITY

Osaka, Japan, October 17.—Chang Tso Lin's Manchurian troops completely occupied Shan Hai Kwan, gateway city in the great wall of China, today, and captured 1,000 Chi Li troops, according to Mukden dispatches.

A Manchu detachment is reported pursuing Wu Pei Fu's troops toward Chin Wang Tao.

In connection with the above dispatch it is well to recall that Japanese sympathies are with Chang Tso Lin, and that Mukden, when the report comes, is the Manchurian war lord's headquarters.

NEGRESS GETS TERM IN THE PENITENTIARY

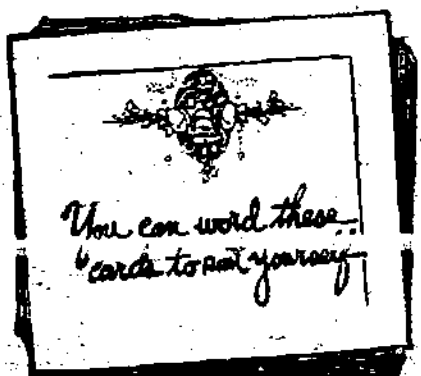

Greensburg, October 17.—Maymie Silverberg, a negress of Monessen, who was found guilty of voluntary manslaughter in connection with the shooting to death of her common law husband, Joe Merchison last May 20, was sentenced today to serve from five to 10 years in the Western Penitentiary.

CHIROPRACTIC STATE BOARD TO EXAMINE LICENSE PROPOSED

Proposed legislation to safeguard the people of Pennsylvania against inefficiency and incompetency will be the subject of paramount importance to come before the members of the Chiropractic Association of Pennsylvania at the annual state convention of that body in Harrisburg on October 18 and 19.

Provision for a state board of examiners that would examine and license chiropractors is one feature to be made the subject of special discussion. Another is the provision calling for a certain minimum length of schooling before one is eligible to take the state examination.

Such provisions, designed in such form as to be directed by the convention, are destined in the belief of those interested, to bring chiropractic to a recognized plane of efficiency and place the profession on a recognized footing before the public.

In addition to proposed legislation new methods and new discoveries in the field of chiropractic will be outlined. Speakers at the convention have been drawn from members of the profession who are known nationally. The program is being arranged to give it the most practical and helpful tone.

I Am Clean

One reason for my beauty

By Edna Wallace Hopper

This is to the millions of women who wish to know how I have kept my youth and beauty after 35 years as a stage star. And how at my grandmother's age I manage to look like a girl.

One thing is this: I never use soap and water on my face. Soap removes just the surface dirt, and that has nothing to do with the skin.

Lucile Lantelme, the famous Parisian beauty, told me how she kept her skin so absolutely clean. Then I went to her experts and secured the same method.

Since then the Photo 1923 method has come out only through beauty experts. The results were so marvelous that all of them charged high prices for the product. Some charged \$3, some \$5, for the product, so only the few know how much it can do.

Now I am placing this formula at every woman's call. I have named it my Facial Youth. It contains no animal, no vegetable fats, so the skin cannot absorb it. It simply penetrates the pores to the depths, then departs. All the grime, all the dead-skin and clogging matter comes out with it.

Wash your face the best way you know, then apply my Facial Youth. You will be amazed at the extra grime and clogging matter which comes out with it.

This is the first step in fine complexion—an absolutely fine skin. This method is the only way to get it. Once you know what it means you will never go without it.

I have placed this formula with all druggists, all toilet counters. The price is 75c despite the fact that others charge ten times as much.

You need my facial youth. It is impossible, they tell me, to look your best without it. It is the only facial cleanser which really cleans.

Write me for my Beauty Book and I'll send you it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

FRANCE WANTS TO FLOAT A LOAN WITH UNCLE SAM

Paris, Oct. 16—J. P. Morgan today examined French proposals for a loan of two or three billion francs, which the government would like to float in the United States.

The American banker discussed with French financial experts the terms under which such a loan might be arranged.

To the Voters of the Third Precinct, Charleoi, Pa.

By order of the County Commissioners of Washington County, the voting place has been changed from the basement of the Fifth Street School to the second floor of the New Junior High School building, using the entrance from McKean Alley.

Voters, take notice, the General Election to be held on November 4, 1924, will be conducted in this new voting place in the Third Precinct, as well as all other Elections thereafter, unless otherwise notified. -11343p

CARD OF THANKS.

We wish to thank our many friends and neighbors for their kindness and sympathy during our recent bereavement, the death of our beloved sister, Miss Elsie Claybaugh. In particular those who sent the beautiful floral offerings and contributed their cars.

Sisters and Brothers.
